The house

Everything started when Megan, a young girl, moved into a strange house. The rumours say that this house is haunted by spirits. On a rainy night, Megan heard a creepy sound. She decided to go see what this sound was. When she arrived in the living room, there was nothing. So she went back in her bedroom to sleep. She tried to fall asleep but heard another sound. And she woke up again. The window of the bathroom was broken. She thought it was maybe someone trying to enter the house when suddenly she heard footsteps. Scared she ran in the corridor. It was so dark that she couldn't see anything. When she arrived in her bedroom she locked the door and hid under her bed. She heard footsteps in the corridor and in front of her door. The door opened slowly and showed a man. She heard footsteps and knew what would happen after. And we never heard ever again about her.
