Questions

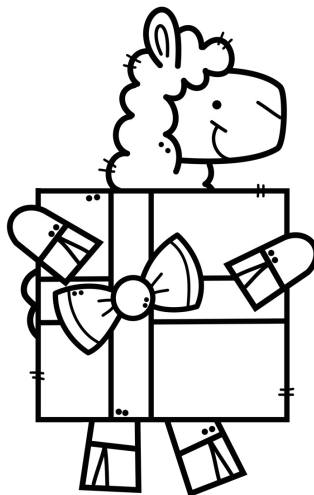

Write 5 interesting questions about the pages you read. Your questions must be opinion questions (open-ended) that will prompt discussion within your circle.

You must also discuss the other activities you completed (P.O.V., mood and setting).

During the reading circle, in turn, you will ask each other your questions, which you will all have to answer.

You will record the entire conversation and, using iMovie (or any other application you judge appropriate), you will make a short montage of your best sequences during the discussion.

Your montage should be no longer than 5 minutes and a minimum of 3 minutes.
