The next night, Bradley woked up and saw that he were still in that forest. Then, he noticed he were a wolf and screamt at the top of his lungs, "WHAT IS HAPPENING TO ME?!" "Why are you screaming, you're one of us!", the scary wolf reply. When the wolf said that, Bradley looked at his hands. They was grey, black, hairy and itchy.

Bradley asked, "how can I turn into a human again?" The dark wolf said, " you have to bite three people in one night." That same night, Bradley only bit two people. He needed that one person or else he would stay like this forever. He don't knew what to do. He decided to runed as fast as possible.

There were only five minutes left. At the last second, he gotten someone. Then, he woke up and yelled, "what a crazy nightmare!" He didn't believed the dream he just had. To verify everything was okay, he looked at his hands. They were
