## MAMA BEAR'S STATEMENT

"On March 3<sup>rd</sup>, I was getting breakfast ready as usual. Then, we went for a walk while our breakfast was cooling down. About an hour later, we went back to the house. I heard Baby Bear yelled. At first, I thought he had seen a spider since he is scared of spiders. But I saw a blond girl leave the house like a gazelle after a few minutes. She ran so fast that I couldn't even understand what was happening. I was outraged to see all the mess she had done. I think she even broke a window leaving the house. She also left a hole in the wall. Baby Bear told me that she was not a nice girl and she tried to hide from trouble. You must know that she entered without being invited because I knew I had the door locked. It is a routine of mine. I would never forget. She destroyed furniture in our house and left a feeling of anger to all of house. She was never invited to our house nor will she ever be. Goldilocks is a bad little girl. She picked the lock I am almost sure with the bobby pin that Baby Bear found."

## GOLDILOCK'S MOTHER'S STATEMENT

"On March 3<sup>rd</sup>, I awoke quite early as I had lots of cooking to do. I was supposed to have some friends over that night to celebrate my friend Sophia's birthday. I remember Goldilocks telling me she was meeting Anna in the forest. I usually trust her as Goldilocks always arrive on time for supper. Plus, Anna is a nice little 7-year-old girl. I didn't notice at what time Goldilocks left the house on March 3<sup>rd</sup>. I was caught up in cooking all the food for that night. Goldilocks did arrive later than usual but told me she really wanted to play one last hide and seek game with Anna. Of course, I believed my daughter since she's never lied to me before. Or, at least, I did not have a reason not to believe her. I must add she knows the forest very well. I have a hard time believing she would get lost."

## GOLDILOCK'S STATEMENT

"On March 3<sup>rd</sup>, I was going to the forest to meet up with a friend, Anna. I couldn't remember where we said we would meet so I kept walking in the woods. At one point, I realised that I didn't recognize where I was. I was probably walking for a good 30 minutes. I was lost. I was scared. My instinct told me to find a house and ask for help, which is what I did. After a good 20 minutes, I finally found a house. I knocked on the door. No answer. I knocked again. Still nothing. I tried the lock and noticed it was opened. I went in as I was tired of walking and I started to be quite hungry. When I walked in the doorway, I smelled some delicious food. I didn't have breakfast so I thought it wouldn't hurt anyone to have a few bites. I tried the first but and it was too hot. I tried another one and that one was too cold. Disgusting! Finally, I tried the last one and that one was delicious! I couldn't stop it so I ate it all. I was awfully full. You must know I did not touch anything else in the kitchen. The only thing I took was the food on the table. Suddenly, I felt sleepy. I went upstairs and tried the beds. One of them was so comfortable that I fell asleep almost instantly. I don't know how long I was asleep for but I was abruptly awake when Baby Bear yelled that a stranger was in his house. Obviously, I didn't mean to scare him so I ran away and left everything as it was... I didn't know how to get out and I was scared so I jumped out the window which was already opened. I truly didn't mean to hurt them but I was lost, hungry and tired. I am deeply sorry for all the bad I've caused to the Bear's family."

## MR. PATRICK'S STATEMENT

"On March 3<sup>rd</sup>, I was working in the woods as I always am from 8 AM to 1 PM on Fridays. I was alone trying to cut down tree branches from a big tree when I heard from far a little girl laughing. Because I was so high in the tree, I was not able to see if it truly was Goldilocks. She seemed to be blond and around Goldilocks' age. She was wearing a dress, I think. I can say she looked lost. She was looking around the house to see if someone was in. I also saw her go into the Three Bears' house after a few minutes. I am not able to say if she knocked or if she just entered the house. However, I know Mr. Bear and he must have been furious that Goldilocks entered his house and ate his porridge. He is not the nicest person I know. He is very territorial and usually sends strangers away with a loud growling. I know that I would not dare to get close to the Three Bears' house. When the Bear's family saw Goldilocks, I heard a window break. But again, I was so up high in the air that's all I can tell you. Was it Goldilocks or was it Papa Bear mad? Who knows really? I continued working until 1 PM and left the tree."

## BABY BEAR'S STATEMENT

"On March 3<sup>rd</sup>, after a long walk in the forest, I was the first one to get in the house. The door was opened. That's when I knew something was off... I continued walking. I saw the porridge bowls eaten. I started to be scared. I couldn't stop walking as my curiosity grew bigger and bigger. I went upstairs and saw that something was under the cover. I slowly and silently went towards the "thing". I grabbed the cover to reveal what was under. I screamed when I saw a human was in my house. I can confirm that this human was Goldilocks without any doubt. She asked me to be quiet. I stopped screaming. She told me that she would give me money if I didn't tell anyone. I refused her bribe and she furiously ran away. I tried to run after her to tell my parents but I soon lost her in the woods. I noticed a bobby pin on the floor. Maybe she could have used it to open the door as Mama Bear ALWAYS locks the door before leaving. She's a little paranoid about this issue. My mom was right because Goldilocks violated our privacy like this. My dad was angry about the situation. He couldn't control himself for a while. He was growling. That's why he convinced my mother to press charges against Goldilocks. He wants her to go jail at all costs! My dad is quite revengeful."

## MR. BUNNY'S STATEMENT (NEIGHBOUR)

"On March 3rd, I was eating breakfast. I noticed the Bear's family leaving their house as they always do. I saw Mama Bear leave last and lock the door. I went in the bathroom to take a shower. It took me a few minutes. Once I got out, I saw a girl near the house. I thought she was waiting for Baby Bear since she looked his age. She didn't seem lost at all. It seemed like she knew what she was doing. She looked around the house and in the windows. So, I continued to eat and read the newspapers but I still observed what the girl was doing. After a while, I heard a loud scream. I looked outside and saw that same girl panicked running away from the Bear's house. I quickly went to see the family to see what had happened. Baby bear showed me the bobby pin. I assume Goldilocks used this to pick the lock. Mama Bear locked the door so obviously Goldilocks purposely entered without being invited. I encouraged the family to press charges since I believe she is the one who broke a window and chairs in the house. Goldilocks deserves to pay for what she has done! I love the Three Bear's family. I would protect them against an intruder, that's for sure!"

## ANNA'S STATEMENT (GOLDILOCKS' FRIEND)

"On March 3<sup>rd</sup>, I was at my house reading a book outside. I'm not sure if I was supposed to meet Goldilocks. I tend to forget these things a lot. You know, I start to read a book and I forget all. I get into the story and lose track of time. I know she wasn't with me that day BUT that doesn't mean we were not supposed to meet. It may be a possibility. I feel bad for all that is happening to Goldilocks. She is a nice friend. We only had this one fight ever... She destroyed a few of my things but that's an other story... Forget anything I said. She's an amazing friend!"

## MR. POST'S STATEMENT (MAIL CARRIER)

"On March 3<sup>rd</sup>, I was delivering mail down the street around 9 o'clock in the morning. That's when I saw a little blond girl. I was not able to recognize her at first. When she said "Hello, is anyone in here?", I knew it was Goldilocks. She has a unique voice. I think she knocked on the door but I would not be able to fully confirm this. I know she looked around and in the windows. She, then, seemed to pick on the lock with something and entered the house. But again, I was a little far from the house and I think that's what I saw. When she entered, I didn't know if there was someone in the house but I had to get going as I had my job to do. I continued my way and delivered mail. That is all I can tell you."

## PAPA BEAR'S STATEMENT

"On March 3<sup>rd</sup>, I woke up like every morning and went outside to cut some logs of woods. Then, breakfast was ready but we took a walk so our breakfasts could cool down. I was the last one to arrive at the scene but I was furious to know someone had entered my house. I growled so loud that I scared birds away. I punched a hole in my wall because I was so mad. That is all I destroy. I swear. I can't control this anger of mine because I am very protective of my family. I encourage my wife to press charges against this mean little girl."
